Club Holds Stewardship Event

The Mid-Peninsula Boys & Girls Club held its first Stewardship Evening of 2010 on Thursday, March 18 at the DeLue Boys & Girls Club at the Bayshore Community Center. Our Board of Directors, along with 40 guests, directly participated in this first of two spring Stewardship Events. These special evenings are designed to bring new partners into the

Club for a tour and dinner. Event Chair Darren Kelley was elated with the turnout, noting: "We really wanted to bring the community into the building—to meet our members and imagine a role for themselves within our organization. Our guests had a great time interacting with our kids. We're looking forward to the next one"—to be held on May 20th.

Club Members give photo tips using cameras donated by Kaufman's Cameras.

Hitachi Brings Universal Design to Club

Hitachi America, Ltd. recently conducted two programs at our San Mateo & DeLue Clubhouses. Hitachi volunteers Carol Kale and her team gave the members an amazing interactive lesson on Universal Design. Through their curriculum, our members put on their engineering

hats, flexed their critical thinking and problem solving skills by designing a remote control to have both form and function. Upon completion, each team had the opportunity to publically present their ideas. It is through such partnerships that we can continue to inspire our kids.

Club Teams With Central Peninsula Church for Cleanup

Central Peninsula Church provided our San Mateo Clubhouse with an "extreme makeover" through their Love Works Program. Over the course of a weekend (March 27-28), a group of 75 volunteers ages 4-60, consisting of church members and Club

parents, transformed our building by repainting both the interior and exterior of the Club. CPC volunteer Linda Lee, worked both days at the Club and said, "Our members thoroughly enjoyed giving back to this facility, which has such a positive impact on youth."
